SIDE PROJECTS

Triangle Coffee Finder

Unique, single-page app built with jQuery, Sass, Gulp, and HTML5 web components to help users find coffee shop zen based on their answers to a series of questions.

All-Time(s) Search

Unique, single-page virtual newspaper experience utilizing New York Times articles API, CSS Flexbox, and AngularJS.

SUMMARY

I am a web developer with a broad technical skill set, who enjoys transforming ideas into reliable, user-friendly end products. I'm a quick, driven learner, and enjoy using innovative technologies like ReactJS and CSS preprocessors to write modern, well-structured, testable code.

PROFESSIONAL EXPERIENCE

FRONT-END DEVELOPER / 2016-PRESENT

NovaDine, Inc. - Raleigh, North Carolina

- Led the redesign and rebranding of company's corporate web presence, www.novadine.com
- Designed and built an application interface incorporating the APIs of third-party delivery partners like Uber Rush to be used by customer support staff when providing assistance to clients
- Teamed with senior developer to transition NovaDine's 'order wizard', a proprietary piece of software that is the heart of the company's ordering platform, to the Angular 2 framework
- Assisted in the maintenance of the desktop and mobile ordering sites of multiple national restaurant brands, regularly updating their appearance, and adding new features

VISUAL MERCHANDISER / 2014-2016

Crate & Barrel - Durham, North Carolina

- Exceeded sales and conversion rate goals for six consecutive fiscal quarters and counting, by working closely with team members to envision, and then deliver, timely, creative displays
- Drove store sales by working directly with visual merchandising manager to creatively implement corporate visual standards

LEAD MERCHANDISER & PRODUCT COUNSELOR / 2012-2014

Scotts Miracle-Gro - Las Vegas, Nevada

- Grew the sales of 39 big box accounts 11.3% cumulatively, year-over-year, from 2012 to 2013, ranking second overall in company's western region
- Additionally, grew sales of one big box brand name (9 accounts total) by 22.9% from 2012 to 2013, ranking first overall across all US-based territories

CUSTOMER LOYALTY TEAM MEMBER / 2011-2012

Zappos.com - Las Vegas, Nevada

- Provided world-renowned customer service via multiple channels – telephone, email, and live chat
- Delivered happiness by almost any means necessary
